Add Church: Primrose Lutheran Church

1. Improve the cell service coverage in the Town of Primrose

2. Look at pre-planning and pre-approving new cell tower locations.

3. Improve internet service in the town. Explore potential and funding opportunities for community wi-fi if private service is not available.

4. Don't put impediments in the way of green energy projects.

5. Look at federal, state and county funding to assist in community facility, utility and infrastructure development.

6. Look at potential for wind power in the town.

7. Make sure air/odor/dust emissions standards don't affect farming operations.

8. Consider a manure digester location in the town. Is this something the town would want?

9. Support solar and geothermal, external wood-burning stoves, and other alternative heat or cooling sources. Make sure land use plans support alternative energy development.
